

Autoharp Diminished 7th Chords with Standard String Tuning

Note: Only a handful of early 15-chord Oscar Schmidt and Airline autoharps had diminished chords.

Each chord is actually a “diminished seventh” chord, which means it can stand in for four diminished chords:

- Cdim7 includes Ebdim7, F#dim7 and Adim7
- C#dim7 includes Edim7, Gdim7, and Bbdim7
- Ddim7 includes Fdim7, Abdim7 and Bdim7

15-chord autoharps would also have felt blocks on both ends that rest on the springs.
